SUSTAINABILITY CONSIDERATIONS

We are committed to minimizing the environmental impact of the Youth European Boulder Cup in Sukoró and promoting sustainable practices among participants, staff, and spectators. The following actions are being taken in line with the IFSC Europe Sustainability Award guidelines:

- **Transport:** We encourage all teams and participants to prioritize low-emission transport. Sukoró is accessible by public transport from Budapest (train + local bus). A bike parking area will be available at the venue. We will also facilitate carpooling among volunteers and staff where possible. Bike roads around the area are well-developed. To rent a bike you can find many places, for example:
 - <https://www.velencei-to.hu/list-page/337-aktiv/1560-gesztenye-biciklikolcsonzo>
 - <http://www.rentabikevelence.hu/> ○ <http://tekerbringa.hu/>
 - <http://www.zilajkereparkolcsonzo.hu/>
- **Accommodation:** Unfortunately there is no accommodation available in walking distance, but renting a bike is a great option in the area.
- **Food:** During the event, food vendors will offer vegetarian and vegan options. Single-use plastics will be avoided. Reusable or compostable serving materials will be used wherever possible. We encourage teams to bring their own reusable bottles and cutlery.
- **At the venue:** Recycling bins will be clearly marked and available throughout the site. We will minimize printed materials and prioritize digital communication. Signage will be reusable and produced locally. All merchandise, including volunteer and participant shirts, will be made using sustainable textiles.
